RE: Dodd-Frank Wall Street Reform and Consumer Protection Act and specifically: columbite-tantalite (coltan), cassiterite, gold, wolframite or their derivatives or any other mineral determined by the Secretary of State.

As a user of gold, gold-based, tin and tin-based brazing and soldering materials, O & W Heat Treat, Inc. will not knowingly purchase *any* materials that contain Conflict Materials that directly finance, or benefit, armed groups in the DRC or an adjoining country.

We will take continuous practical action to ensure that our suppliers will not allow minerals from the conflict region to enter their supply chain, including requiring that they obtain reliable certificates of origin for all materials that might possibly originate in conflict areas or adjacent countries.

O & W Heat Treat, Inc.

Patrick C. Ohlheiser
President
